

LTI provides a solid education for students to establish their own professional practice while bringing the ministry of health alternatives to their community. LTI offers courses of study specifically designed to integrate healing of the total person – body, soul, and spirit.

God does have a plan for healthcare. It is a system that starts with 'care' that includes natural and spiritual applications for the healing of the whole person. If you really want to know the principles of healing and have the wisdom and power of God, then you must start with truths from the Bible.

"Life isn't about where you are at, it is about where you are going."

Revelation 22:2

VISION AND PURPOSE

1. Train ministers to bring healing to the body of Christ.
2. Impart to churches and ministers the vision of establishing natural and spiritual healing services.
3. Protect and promote Biblical naturopathy as a practice of religion.
4. Establish a standard of excellence and competency in the realm of Biblical Naturopathy.
5. Promote modalities of healing that are within scriptural principles.
6. Equip the student with sufficient knowledge and skills to redeem the sick.
7. Fulfill the Biblical commission of raising up disciples to take the good news of salvation of spirit, soul, and body to the hurting and lost.

ACADEMIC AND CLINICAL

The Biblical Naturopathic Doctorate program is achievable in 2 options. One is more of an academic orientation with 29 courses.

The other option is more of a clinical orientation with 12 courses that are supported with class manuals and DVDs or online videos.

Pay as you go. A payment plan of paying one course at a time is available.
